When unable to work due to illness or injury of the employee or immediate family member living in the home, the employee shall notify his immediate supervisor prior to the time set for the beginning of daily duties.

Directors may implement written reporting procedures specific to their normal operating procedures. The Director or City Administrator may authorize the use of other accrued time for sick leave.

The employee, or the supervisor, if the employee is not able, shall complete a Leave of Absence Request Form stating the reasons for the absence. If the request is denied by the Director, the reason shall be stated on the Leave of Absence Request Form. A copy signed by the Director shall be given to the employee.

In a bonafide emergency, the Director may approve sick leave after the fact. The determination as to whether a bona fide emergency existed shall be at the discretion of the Director, with the oversight and approval of the Human Resources Director.

As an incentive to encourage responsible use of sick leave, at the beginning of the calendar year the following conversion programs will be offered to all employees who have one year of full-time service:

Employees who are not at maximum accumulation: All employees except firefighters, who use less than forty-one (41) hours of sick leave in a calendar year, may convert 24 hours of their accumulated sick leave to 24 hours of vacation leave. Firefighters who use less than forty-nine (49) hours of sick leave in a calendar year, may convert 24 hours of their accumulated sick leave to 24 hours of vacation leave. This provision shall not apply to employees who are on sick leave probation and being required to adhere to Section 3 H (2) due to excessive use of sick leave.

Employees who are at maximum accumulation: If an employee initially reaches sick time maximum accumulation during the months of May thru December, they will start accruing personal leave time on Jan. 1 of the following year, provided they are still at sick time maximum accumulation. If they are at sick time maximum accumulation and have not started accruing personal leave time, they will be eligible for the 24 hour sick time conversion at the end of the year.

All other employees who are at maximum accumulation and do not use any sick leave during a pay period, shall earn 1.23 hours (1.72 hours for firefighters) of personal leave during that pay period. Maximum accumulation of personal leave shall be 32 hours (48 hours for firefighters). Personal leave hours may be taken upon approval of the Director.

FMLA sick time will not count against an employee in calculating the sick time usage.

#### F. Charging for Sick Leave

In order to be compensated for sick leave, an employee must notify his Immediate Supervisor before his scheduled work period is to begin. Without such notification, leave will be considered unauthorized and unpaid. No employee shall receive sick leave as a result of a job injury or disease incurred while employed by someone other than the City of Branson.

G. An employee may be required to see a doctor periodically by the Director, after coordination with the Human Resources Director, when there is reason to believe the employee is too ill to be able to work safely or the employee might endanger the property or health of other persons while performing job duties. Reports from the doctor shall be used to determine if an employee is able to work. Nothing in this Article shall be construed to diminish a Director's authority to dismiss an employee as per established Human Resources Articles and Administrative Rules.

#### H. Doctor's Certificate

- (1) A certificate from a licensed physician or practitioner allowing the return to work is required for any absence, due to illness or injury of the employee, of three (3) or more consecutive work days. These benefits may include such things as medical treatment and compensation for temporary and permanent disability. It is mandatory that every job-related injury or illness, regardless of severity, be reported immediately to the supervisor or Director and a written report be submitted to the Human Resources Director.

- B. When pay is provided by Workers' Compensation, the amount received by the employee is approximately two-thirds of the employee's normal take-home pay. The City of Branson will pay for the scheduled time away from work on the first day/shift of injury. Employees on "active" military leave for up to 30 days are required to return to work on the first regularly scheduled shift after the end of service, allowing reasonable travel time and eight (8) hours rest. Employees on longer periods of military leave must apply for reinstatement in accordance with USERRA and all applicable state laws.
